

Network — Developers

Overview

The **Developers** section is where you add and manage the developer companies you work with. Each developer record stores their contact details, contract information, and branding assets.

The Developers List

The list shows all developers with the following columns:

Column	Description
Name	Developer company name.
Address	Company address.
Phone	Primary phone number.
Contact 2	Secondary contact name and mobile.
Contact 3	Third contact name and mobile.
Email	Primary email address.
Description	Any notes or description about the developer.
Actions	Edit or Delete the developer.

Available actions: **Search**, **Add New +**, **Export**.

DEVELOPERS 1/1

Search...

Name	Address	Phone	Contact 2	Contact 3	Email	Description	Actions
Rosa Developmen	New Cairo	201095565661	Name: Mobile:	Name: Mobile:	Ahmed@Rosa.Developments.com		<input type="button" value="EDIT"/> <input type="button" value="DELETE"/>
